Ladue City Council

From: McPherson Moore, Chair of the Zoning and Planning Commission

Date: July 11, 2022

Recommendation in favor of granting approval for a Special Use Permit for a liquor by the drink for Companion Ladue, located at 9781 Clayton Road

At the Zoning and Planning Commission meeting on June 28, 2022, the Commission heard a request from Jodi Allen to serve liquor by the drink at Companion Ladue. Ms. Allen presented her request to offer beer and wine as beverage options at the Companion Cafe on Clayton. She clarified that the hours of operation would be 7am to 3pm, 7 days a week.

City Planner, Andrea Sukanek, stated that Companion had not yet received a Special Use Permit for the current outdoor seating, and Ms. Sukanek suggested that this Special Use Permit for liquor by the drink could also approve the use of outdoor seating. The Commission had no objections to this.

There were no other persons there who wished to speak about this application.

After discussion, a recommendation for approval of this Special Use Permit, with conditions, was made and approved by a vote of six (6) in favor and zero (0) opposed.
